**Nicholas
Edward CHOI**

Bachelor of Arts
HKU Sports Scholar from
Top Athletes Direct Admission Scheme
Olympian (Fencing)

Fencing has completely changed my life, and I am proud to compete in games representing Hong Kong. I am grateful for the opportunity to study at HKU as it is one of the best icons in Hong Kong with its long history. Attending classes and meeting like-minded friends on campus are all new experiences for me. On top of that, the professors are very supportive, making it easier to balance life as a student-athlete. The flexibility of the programme structure allows me to study and further develop in areas that interest me such as social media and the fashion industry.

Natalie WONG

Bachelor of Laws

Studying at HKU is an eye-opening experience for me. In the Faculty of Law, I am able to meet many like-minded friends and we strive for

our goals together. This is definitely the highlight of my university life! HKU is a multicultural and diverse university that welcomes students from everywhere, which makes it quite cosmopolitan. When you walk on the campus, you hear different languages spoken everywhere! HKU also offers a wide range of exchange opportunities which is very attractive since I would like to know more about different legal systems around the globe as a law student. All in all, studying at HKU is definitely one of the best decisions I have ever made!

Chris GUAN

Bachelor of Business Administration in
International Business and
Global Management

HKU and the IBGM programme provide many overseas learning opportunities, such as field trips and exchange programmes,

which can broaden students' horizons. There are field trips to visit some well-known companies in other Asian countries, such as Singapore, which allow us to understand the different business environments and local cultures. As for exchange programmes, HKU partners with many prestigious universities worldwide. Hence, students can have various exchange options to gain insights from other angles and immerse themselves in foreign cultures. In addition, the Jardine HKU Scholarship reduces the financial burden of the tuition fee and overseas exchanges so that I can focus on my studies.

Natalie LAU

Bachelor of Engineering

HKU has been instrumental in shaping my path towards a rewarding engineering career. Through their comprehensive programmes, I have gained invaluable

experiences such as engaging in impactful research projects alongside esteemed professors, actively participating as a committee member in engineering societies, benefiting from mentorship programmes, securing coveted internships, and embracing enriching international exchange opportunities. These diverse experiences have broadened my horizons, enhanced my technical skills, nurtured my leadership abilities, and facilitated valuable networking connections. I am deeply grateful for HKU's unwavering support, which has played a pivotal role in my journey to become a successful electrical engineer.

Paco YU

Bachelor of Medicine and
Bachelor of Surgery

A tradition tracing its roots back to Oxbridge, High Table Dinners hold a special place in the hearts of many HKU

students, including my own. I still vividly remember friends from all walks of life sharing their own unique stories and cultures, each offering me fresh perspectives in this rapidly changing world. Stepping out of your comfort zone in search of new experiences will yield much more than you can imagine – organizing engagement activities as a Student Ambassador has provided me with the perfect opportunity to explore aspects of university life beyond pure academics.

Ignite Your Potential as an
