Psychology is a broad and diverse field that taps into different aspects of the mind and behaviour. For example, the studies of human thought processes, personality, psychopathology, social interaction, biological processes that influence the mind and behaviour, how we grow, develop, and adapt at different life stages.

Many of Hong Kong’s challenges, as well as other global cities' challenges in the near future, are social in nature, including aging population, income and social inequality, public health, and social support for people left behind by economic dislocation. There is an urgent need of psychology and mental health professionals in Hong Kong.

### Admissions Requirements

**JUPAS Applicants**
- HKDSE admission score calculated based on best 5 among Category A or C subjects;
- M1 or M2 will be recognized as a full elective, on the condition that one of the elective subjects must be a Category A subject;
- Admission to Band A choice applicants only.

**Non-JUPAS Applicants**
Applicants who are not using the results of HKDSE for admissions purpose will be considered as Non-JUPAS applicants. For example, the Expected Lower Boundary for Admissions is 34 points for IB, or 2A1B for GCE A-level (excluding English and Chinese Language). For other international qualifications, please visit the website of Admissions Office at: [https://admissions.hku.hk/apply/international-qualifications](https://admissions.hku.hk/apply/international-qualifications).
