## GATHERING WITH STUDENTS BACHELOR OF PSYCHOLOGY

## SNACKS & CHATS

This event is an excellent opportunity to meet fellow students who share passion for psychology, as well as experienced teachers who can share their insights and experiences in choosing psychology as a career.

In the event, some of our teachers (Professor Tatia Lee, Professor Jeff Saunders, Professor Hongjian Cao, Professor Kathy Shum and Dr. Henry Ng) share with students their stories of academic pursuit. We believe their sharing helped students see different possibilities in your future paths.
