Abstract

With the generous support of the Thanksgiving Scholarship donated by Dr. S. Y. Tang, two educational psychology trainees, Ada and Yuki, participated in a 2-week overseas training attachment at the University of Maryland (UMD) in February 2024. Ada and Yuki attended Psychology and Education courses at UMD. They shadowed the work of school psychologists serving schools with different grades, types, and counties in Maryland. Yuki also visited the National Association of School Psychologists (NASP) Annual Convention 2024 at New Orleans. This attachment allowed both trainees to learn more about the latest development of school psychology services in the United States. They are delighted to share their learning experience and insights with educational psychologists in Hong Kong.

~All are Welcome~
