

**The University of Hong Kong**  
**Department of Psychology**  
**An Overview of Thesis in Psychology (PSYC4008)**  
**(For students admitted in 2022/23 or thereafter)**

(For psychology as a first major) Students will conduct an independent empirical investigation of a psychological problem. Thesis research will be supervised individually by teaching members of the Department. The thesis should be about 8000 to 10,000 words (exclusive of tables, bibliographies and appendices) and should follow the practice of communication in top psychology journals. Eligible students will be invited by the Department to apply for admission into this course, and the admission is subject to the approval by the Department.

Assessment: 100% coursework.

Prerequisites: PSYC1001 and PSYC1004 and PSYC2060

## Overview

A thesis writing or an independent research project is usually required by postgraduate programme(s). Some students who want to pursue further studies in Psychology and related fields would want to do a more ambitious thesis project (e.g., multiple studies, labor-intensive experiments and interview studies) supervised by a teaching staff in the department.

The thesis should include the followings:

- Title Page
- Table of Contents
- Abstract
- Acknowledgement (if needed)
- Introduction
- Methodology
- Results
- Discussion
- Conclusion
- Reference

The grading criteria will be based on:

- |   |     |
|---|-----|
| ● Knowledge of the research topic         | 10% |
| ● Critical analysis                       | 20% |
| ● Potential contribution and significance | 10% |
| ● Design of study                         | 20% |
| ● Data analysis and presentation          | 20% |
| ● Writing and organization                | 20% |

## Eligibility

A student needs to have an average GPA of 3.60 or above in advanced psychology courses (except PSYC2075) taken in HKU by the end of the 3rd year for 4-year curriculum. Eligible students will be invited by the department at the beginning of July.

## Application

A student, who meets the above criterion and wants to take this course, is required to complete an online [Supervisor Preference Form](#) **before the end of course selection period**. Your form will be sent to potential supervisors for consideration in the order of your preferences. The results of supervisor matching will be announced before the end of add/drop period in September. Late application will not be considered.

If you will participate in an exchange programme and want to take PSYC4008 in the same year, you have to seek prior approval for special arrangement. A [Special Approval Application form](#) should be submitted to the General Office **before the end of course selection period**. Late application will not be considered.

## Presentation of Research Project Proposal

Around the end of November or early December, each student has to present his/her research project proposal to a small group of fellow students and two members of the departmental teaching staff. Each presentation and discussion will last about 20 minutes. This offers each student an opportunity to get more input before finalizing the research design for data collection.

## Ethics Application

Undergraduate thesis research is required to undergo ethics review by the Departmental Research Ethics Committee. Applications should be submitted on or before **two weeks after the research proposal presentation**.

Students on overseas exchange and have applied to start doing their project in the 2nd semester, have to submit their application on or before **1st March**.

Failure to submit an ethics application will lead to a failure in the course. Please read the [Overview of Ethics Application](#) for more details.

## Submission of Thesis

1. Please submit your thesis to Moodle before the deadline.
  - a) Please submit as one single file in PDF format including all the chapters.
  - b) All covering pages, pictures, tables and charts must be included in appropriate position of the file.
  - c) There is no need to submit SPSS, Excel or other files separately.
2. The deadline of submission is **23:59, 15<sup>th</sup> April**.
3. The penalty for late submission is one mark for each calendar day, including Saturday, Sunday and public holidays.
4. Requests for deadline extension will not be permitted, except for medical reasons. Prior approval must be sought from the Department with supporting documents issued by a health professional and supervisor's consent.
5. Make sure that due acknowledgement is given when referring or quoting from literature, books, webpages, essays or any other information sources.
6. The softcopy will be checked for plagiarism against a database of articles, books, webpages, and essays submitted by students at HKU and other universities. No credit will be given if the work contains plagiarized materials. Further penalties will also be applied, including a zero mark for the course. Plagiarism will also be reported to your Faculty for consideration of possible disciplinary action. Please be sure to read the website to know more about how to avoid plagiarism: <https://tl.hku.hk/plagiarism/how-to-avoid-plagiarism/>
7. All raw data and research materials must be retained. The department may invite you for an oral examination in addition to the submission of thesis.
