About the talk:

With the support of the Thanksgiving Scholarship donated by Dr. S. Y. Tang, two educational psychology trainees, Audrey and Ruby, participated in a two-week overseas training attachment at the University of Maryland (UMD) in September 2025. During their visit, they attended courses in School Psychology and Education, and shadowed experienced school psychologists working in Maryland and Washington, D.C.

This enriching experience deepened their understanding of current school psychology training and services in the United States. They are delighted to share their insights and reflections with educational psychologists in Hong Kong.
